Preparation for the program

(1) Application process (please give any advice on dealing with the application process)

I was not aware of this program until two week prior to the deadline and it did take time to get my supervisor's signature of approval. I would suggest people interested in this program action as early as possible.

(2) Visa application (type of visa, where to apply, processing time, any advice on visa application)

Schengen visa for short-term travel. For Japanese citizens, visa is not needed. The Danish embassy in Tokyo is in Daikanyama and the processing time was really quick, in my case, it only took two workdays.

(3) Medical check-ups (health check-ups) ioc
