Dear Residents,

We would like to thank you all for your kind cooperation for the installation work of the UTokyo Wi-Fi at each of the dorm buildings up till now. With the completion of the installation work at all buildings at the end of this March, you will now all be able to enjoy the UTokyo Wi-Fi service at each of the dorm buildings starting April 1, 2022.

The UTokyo Wi-Fi is a wireless LAN service available for all UTokyo members which can be used on campus for the needed educational and research activities at the university. All members
